PREFACE

After a two year interval we renew the publication of *Astronomical and Astrophysical Transactions*, the Journal of the Eurasian Astronomical Society, under the Cambridge Scientific Publishers imprint. As previously, the journal accepts scientific papers on astronomy and astrophysics as well as related subjects. We accept papers not only from EAAS members but also from scientists all over the world. In addition, we plan to continue to publish the proceedings of conferences co-organized by the Eurasian Astronomical Society.

The page extent of papers is not limited, but all papers are subject to rigorous refereeing. Based on referee reports the Editorial Board can accept a paper, reject it or send the author recommendations towards improvement/amendment of the manuscript. We plan to publish a volume of at least 600 pages this year.

All papers in previously published volumes of *Astronomical and Astrophysical Transactions* may be accessed on the website of the journal:

www.aaptr.com

We welcome new contributing authors and we encourage you to submit manuscripts to *Astronomical and Astrophysical Transactions* and to subscribe to our journal.

Sincerely yours,

Nikolai G. Bochkarev,
Editor-in-chief,
Astronomical and Astrophysical Transactions
